1. Introduction

The Promotion of Access to Information Act, No. 2 of 2000 (PAIA), gives effect to the constitutional right of all, in terms of section 32 of the Bill of Rights contained in the Constitution of the Republic of South Africa 108 of 1996 (“Constitution”), to access any information held by the state and any information that another person has and that is required for the exercise/protection of any rights.

Promoting the Promotion of Access to Information Act (PAIA) and the Protection of Personal Information Act (POPIA) can be a confusing process. They can be seen as "information" laws and were both enacted on 1 July 2021, enforced by the same Information Regulator. **PAIA is an "Access" law**, all about access to Information, and POPIA is a “Privacy” law, all about the privacy of personal information. They shouldn't be seen as competing; instead, both are there to **help ensure that data is managed correctly**.

2. Purpose of the PAIA manual

Under Section 51 of the PAIA, all private bodies are required to compile an Information Manual (the “PAIA Manual”), which is also helpful to the public.

- 2.1. Check the categories of records held by a business that are available without requiring a formal PAIA request.
- 2.2. Understand **how to request access** to a Business record by describing the subjects on which a Business holds records and the categories of documents held on each topic.
- 2.3. The description of a business's records is available under **any other legislation**.

- 2.4. access all the relevant **contact details of the Information Officer and Deputy Information Officer**, who will assist the public with the records they intend to access.
- 2.5. Read the guide's description of how to use PAIA, as updated by the Regulator, **and how to obtain access to it.**
- 2.6. know if a business will process personal information, what the purpose of processing personal information is, and what the description of the categories of data subjects and the information or categories of information relating thereto is.
- 2.7. Know the description of the **categories of data subjects** and the information or categories relating thereto.
- 2.8. Know the **recipients or categories of recipients to whom the personal information may be supplied.**
- 2.9. know if a Business has planned to transfer or process personal information **outside the Republic of South Africa**, and the recipients or categories of recipients to whom the personal information may be supplied; and
- 2.10. Know whether a Business has appropriate security measures to ensure the confidentiality, integrity, and availability of the personal information to be processed.
